Hi Ken/ Ian,

We have successfully submitted our initial application for LA-005 - Rapides One CCS site developed by
CapturePoint Solutions LLC. We have also uploaded all the relevant files into the CBI folder "CBI-
LA0005AR". We have tried to follow closely the directions and guidance given by Ian and the team. We
would very much appreciate if you could start the evaluation process for Administratively complete
application.

Please do not hesitate to reach out to me or Nick for any questions or clarifications.
